**Beyond Stranger Danger**  
Saturday February 6th 2010  
8:00 pm

One of parents greatest fears is losing their children in a crowded store. Another is the dangers their children face with the strangers we meet everyday.

- Would your child know what to do if you were separated?
- Would your child know what to do if a stranger approached them?

During this teleseminar you will learn:

- important lessons to teach your children about staying safe
- you will learn what child predators DON'T want you to know
- more importantly you will learn why the term "Stranger Danger" does not protect your children
